

KONTRAX Stretch Hood

Protecting and promoting your products

KONTRAX is flexible and adapts to every packing unit individually through its unique back-stretch behaviour, guaranteeing an optimal pallet stability. Whether you use it for round or sharp edges – KONTRAX covers your pack like a tailor-made suit.

KONTRAX Stretch Hood was developed to assure the highest possible machine performance. Benefit from reduced down-time, resulting in optimized costs and increased output!

KONTRAX can be printed with up to three colours on both sides and benefits from excellent optical properties. Our in-house print preparation service

ensures the perfect and most effective implementation of your advertising on your product.

Our experienced and qualified application engineers support you with technical advice on packaging processes, machinery and material.

Your advantages:

- Trouble-free packaging process
- Optimal pallet stability
- High temperature and UV resistance
- Perfect advertising medium
- Technical support

Solutions designed to meet your requirements:

In order to ensure perfect packaging for all our customers, KONTRAX can be produced for many different fields of applications.

KONTRAX Classic (C): Stretch on pack up to 40% for bags or cardboards

KONTRAX Ziegel (Z): for extremely sharp edges and absolutely stable packaging for all bricks and tiles

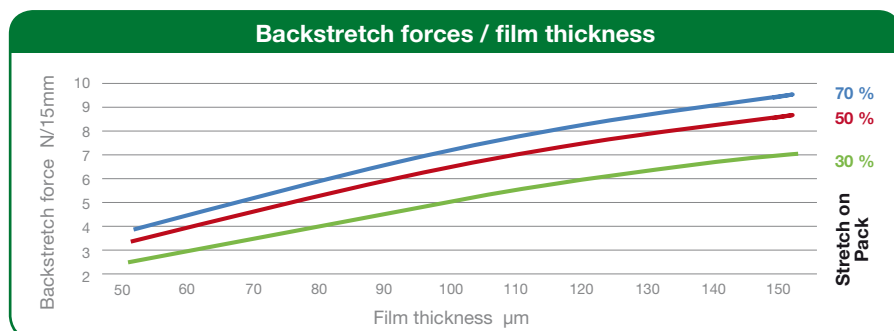

KONTRAX Flexible (F): “Soft” film with a stretch ratio up to 50% for white goods, insulation materials, horticulture and commissioned goods

KONTRAX Beverages (B): “Rigid” film with high back-stretch behaviour for beverages

KONTRAX High Performance (HP): Stretch ratios up to 70% for bags, cardboards and commissioned goods
